

## GREETINGS TO THE FILLM DELEGATES

"I would like to send my warmest regards to delegates taking part in the 28th congress of the Federation Internationale de Langues et Litteratures Modernes. I applaud your choosing Diversity as a theme for the Congress. Culture is a picture, and the more pixels we have, the richer the image. I hope your discussions bring great insight and collaboration."

"Please pass my greetings to the FILLM delegates. I'm doing a conference in Łódź University this week . Sadly it's online. I just don't think it's the same. People need to meet each other to make the magic happen . Screens are so dull .

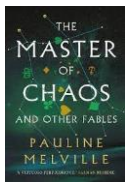

### Best wishes Síofra O'Donovan

"Please pass my sincere greetings to the delegates. It is so important that we have these international exchanges where imagination enables us to understand each other's culture through literature. That way, hopefully, we can hold on to our humanity ... So I send you all my best wishes and hopes that you have an enriching congress."
